

# I'M RIDING 200KM TO BEAT CANCER!

## Help me reach my target!

Write your name and fundraising target here

**\$4000**

helps to sequence cancer tumours into individual parts to assist in new treatment discovery.

*I've made it to the Honour Roll!*

**\$2500**

helps in progressing promising drugs from the benchtop to clinical trials.

*I've reached the Ride's minimum fundraising goal!*

**\$2000**

helps determine the molecular structure of a cancer tumour to support new drug development.

**\$1000**

helps to continue the honeybee venom research that's proven successful in the lab.

**\$550**

helps fund equipment that targets breast cancer tissue in surgery.

**\$150**

helps cover lab costs for one day.

**\$78**

helps researchers working on new treatments to untangle blood vessels protecting cancer cells.

**\$55**

helps provide life-protecting safety equipment for researchers dealing with deadly disease.

Scan the QR Code and visit *my fundraising page* to donate!
